Make a Grand Entrance

Window & Door Trim

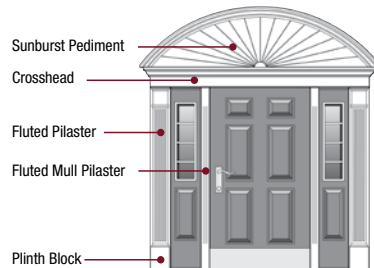

Transform an ordinary home into an extraordinary home with Fypon® window and door trim. Offering a wide range of styles and sizes, nothing can make a statement — and enhance nearly any architectural style — like window and door trim. Many pieces are designed to work together, and some can even be ordered moulded as one piece to further speed installation. From pilasters, pediments and crossheads to arches and panels, the options are virtually limitless – giving you the freedom to design a specialized look for your next project. **For installation instructions, please visit www.fypon.com.**

WINDOW TRIM TERMINOLOGY

DOOR TRIM TERMINOLOGY

How to Use This Section

For ease of use, the products in this section of the catalog are organized by size, from smallest to largest. Where applicable, part numbers are shown for pre-fabricated products with attached accessories. Where applicable, matching unattached accessories are referenced or shown with the product. Each product chart includes product images, dimensional data and part numbers to help specify, source and sell Fypon® window and door trim. In some cases, the chart lists more data; in others, the line art contains more details. This is to ensure a comprehensive package.

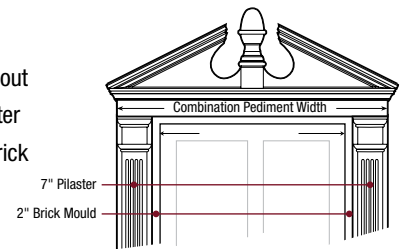

How to Order

Window Trim

To order window trim, first measure the window unit to be trimmed. Next choose the desired products and accessories to complete the look.

Door Trim & Entrance Systems

When ordering door trim, first measure the door unit to be trimmed. The unit can be measured with or without brick mould; however, the brick mould is essential when using a storm door. Next choose the desired pilaster style and size. Finally, choose a pediment or crosshead that is wide enough to span the opening plus the brick mould and pilasters (see example). Add desired accessories to complete the look.

Window & Door Trim Accessories

Keystones, dentil trim, trim strip and bottom trim accessories are available attached to stock products as pre-fabricated products (see below). Keystones can also be ordered as unattached accessories by listing the line item on your order.

Remember to Order Adhesive

A urethane-based adhesive *must* be used on all joint surfaces. See page 184 to order PL Premium® Adhesive.*

Window Crossheads with Attached Accessories

with Keystone

with Dentil Trim

with Bottom Trim

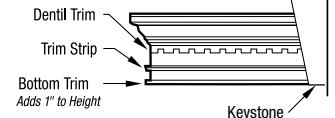

with Trim Strip

Without Accessories

With Accessories

Note: A keystone cannot be used when combining a crosshead with a pediment.

Keystone Options

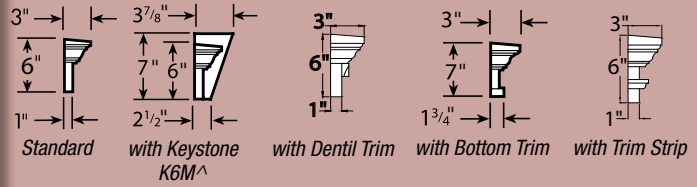

Pre-Fabricated Products

Some products shown in this section are available with pre-fabricated options. This means one or more standard parts can be altered to create additional sizes, attach accessories or route a channel to accept siding. Throughout this section, pre-fabricated products with attached accessories are identified by an asterisk (*). To order a pre-fabricated product shown in this catalog, place your order using the part number shown. Additional pre-fabricated options may be available, including additional sizes and routing options. To request a pre-fabricated product not shown in this catalog, please fill out our Pre-Fabricated Quote Request Form, which can be obtained at www.fypon.com, or contact the Fypon Customer Service Department at 800.446.3040.

Custom Products

If a unique product design is required, we can create it for you. To request a custom product, please contact the Fypon Custom Product Sales Department at 855.397.6647. You may also fill out our Custom Quote Request Form, which can be obtained at www.fypon.com, or contact the Fypon Customer Service Department at 800.446.3040.
